

All of our memberships and class bookings are handled by our **Silver Sabres app**. To access it, you need a TeamUp account; which was already created through our website when you booked your child onto a Trial Class! Simply follow the steps below to learn more about our app, access your account, purchase your child's membership plan, and start booking classes...

1 GET THE APP & LOG IN

Head to the app/play store and download the **Silver Sabres app**.

Allow notifications. Then **log in** with the same details you used to book the Trial Class.

Authorise our app to upload your details from TeamUp.

If you've forgotten your password, head to goteamup.com/login to reset it.

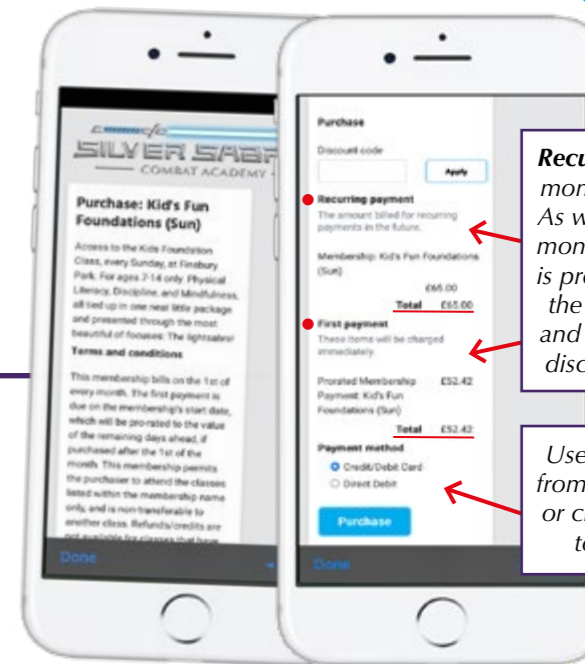

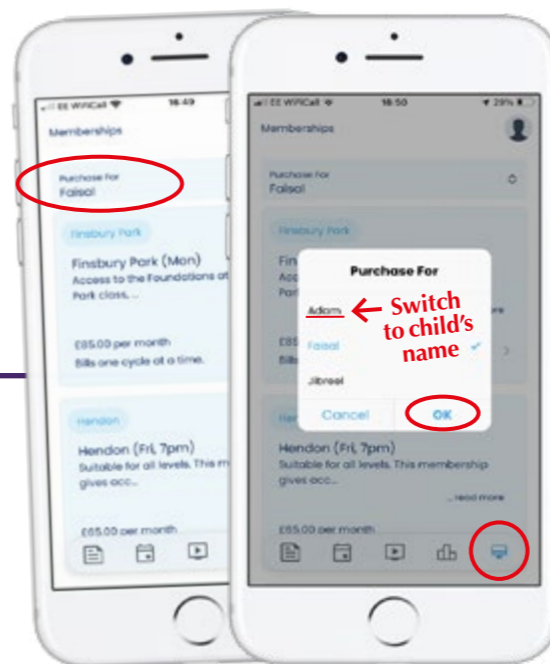

2 PURCHASE YOUR CHILD'S MEMBERSHIP PLAN

The **Newsfeed** keeps you up to date with cool announcements.

Press the **Card** icon. **Switch to your child's name**. Scroll through and find our **kid's** membership plan.*

Select plan to view details and parental waiver.

Scroll down to see final prices, and choose a payment method.

***IMPORTANT:** Kid's Fun Foundations is the only dedicated kid's class. Hendon (7pm) and Stevenage (7.30pm) are suitable for children if accompanied by a paying adult.

Recurring payment is the monthly fee for the plan. As we bill on 1st of every month, the **First payment** is prorated for days left in the month of purchase, and also reflective of any discount codes applied.

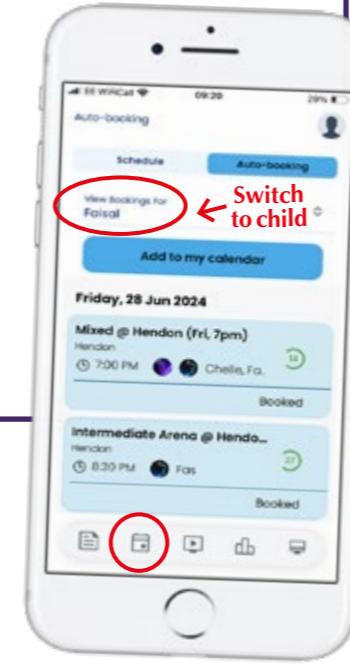

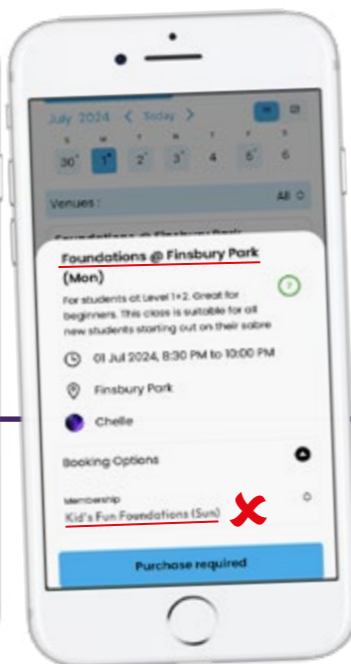

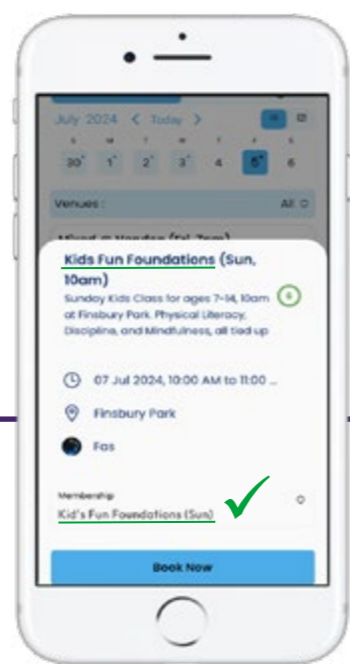

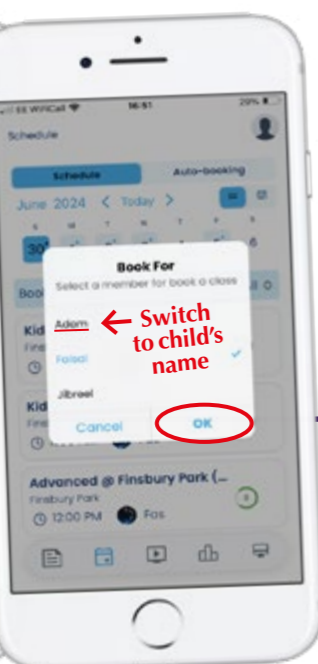

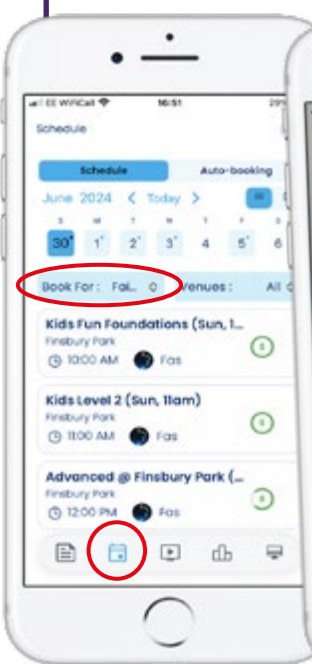

Use stored card details from Trial Class booking, or change your method to a Direct Debit.

3 START BOOKING CLASSES

Press the **Calendar** icon. **Switch to your child's name** using the drop-down menu. Pick a date and **select the class**.

The correct class will show their membership plan and a blue **Book Now** button. An incorrect class, or wrong profile, will show a purchase required button.

You can view and cancel their bookings in **My bookings**. **Switch to child**.

4 ON DEMAND & CHALLENGES

Press the **TV** icon for level-tailored on-demand videos.

Press the **Tracker** icon to access homework and add your own workouts.

Press the **Medal** icon in the Tracker to access motivational challenges.
